

Setting up your Remote Fracture Clinic

Build an action plan to reduce backlog, improve access and enhance efficiency through virtual clinics

 Online Workshop

 Fri 4 Feb 2022 09:30-15:30

Setting up your Remote Fracture Clinic

Full agenda: Friday 4th February 2022 | 9.30am registration- 3.30pm close

Workshop leader: share in first-hand experience with Atif Malik, Consultant Trauma and Orthopaedic Surgeon, Milton Keynes University Hospital NHS Foundation Trust

Event information: highlights of the programme

This informative and interactive workshop will enable you to build an action plan to drive forward and progress your fracture clinics. Focusing on:

- Setting up a virtual clinic to reduce consultation backlog
- The impact virtual clinics could have on your fracture clinic
- How to secure the funding for the demand in your service
- How to obtain funding to develop new virtual clinics
- Developing and delivering effective virtual clinic training
- Improvements for training and empowering your team
- An in-depth review of the process of setting up a virtual clinic
- Building your own guide for setting up and running virtual clinics to reduce backlog

Expected attendees: audience insight

This online meeting is ideal for NHS professionals who currently deliver fracture clinics and are looking to develop them into virtual clinics. This includes but is not limited to:

- Orthopaedic Consultants
- Physiotherapists
- Specialist Orthopaedic Practitioners
- Specialist Nurses

Pricing structure: price and attendance

- £349 + VAT for one NHS or public sector place
- £299 + VAT (each) for two or three NHS or public sector places
- £599 + VAT for one commercial organisation place

Commercial companies are also invited to sponsor this day, please [email Sarah Kemm](#) for further details.
